What is a cookie?

A cookie is a small text file necessary for a website to recognize you later. This text file is unique to you and can only be read by the web server that defines this code. It is definitely not a virus. It saves you time and automatically remembers the answers you have given in your next entries if you are registered.

Which Cookies Are Used For What Purposes?

Generally

As a company, we use cookies for various purposes on our site and process your personal data through these cookies. These purposes are mainly:

To perform the basic functions required for the operation of the site. For example, logged-in members do not need to enter their password again while visiting different pages on the Site.

> ➢ Analyzing the Site and improving the performance of the Site. For example, the integration of the different servers that the Site works on, determining the number of visitors to the Site and adjusting the performance accordingly or making it easier for visitors to find what they are looking for.

➢ To increase the functionality of the site and to provide ease of use. For example, sharing to third party social media channels on the Site, remembering the user name information or search queries on the next visit of the visitor to the Site.

In line with the purposes within the scope of the Clarification Text, your personal data may be processed without your consent in the presence of at least one of the legal data processing conditions in the second paragraph of Article 5 of the PDP Law. Otherwise, that is, in the absence of legal data processing requirements, your personal data will only be processed when you have your explicit consent. In any case, we may share your personal data within the scope of the Disclosure Text with third parties, affiliates, business partners and group companies that benefit from the services of our Company, limited to the realization of the above- mentioned purposes and in accordance with the legislation. We would like to point out that the parties to whom the data are transferred may store your personal data on their servers all over the world.

How Can I Control the Use of Cookies?

You have the opportunity to customize your preferences for cookies by changing your browser's settings. However, preference management is not possible for some Cookies that are mandatory for the Sites to work. In addition, we would like to remind you that if some Cookies are turned off, various functions of the Site may not work.

Information on how to manage the preferences for the Cookies used on the Website is as follows:

- Visitors have the opportunity to customize their preferences for cookies by changing the browser settings on which they view the Website. If the browser in use offers this opportunity, it is possible to change the preferences for Cookies through the browser settings. Thus, although it may differ according to the possibilities offered by the browser, data owners have the opportunity to prevent the use of cookies, to choose to receive a warning before the cookie is used, or to disable or delete only some Cookies. Although the preferences on this subject vary according to the browser used, a general explanation is available at https://www.aboutcookies.org/. Cookies preferences may need to be made separately for each device from which the visitor accesses the Website.
- The settings menu of the mobile device can be used to manage Cookies on mobile devices.
